## Safety

- Read these instructions carefully and retain for future reference.
- Remove all packaging and any labels.
- If the plug or cord is damaged it must, for safety reasons, be replaced by Braun or an authorised Braun repairer in order to avoid a hazard.
- The blades are sharp, handle with care. **Always hold the knife blade at the top, away from the cutting edge, when handling the sharp cutting blades, emptying the bowl and during cleaning.**
- **DO NOT process hot ingredients.**
- **Be careful if hot liquid is poured into the mini chopper bowl as it can be ejected out of the appliance due to sudden steaming.**
- Always switch off the appliance and disconnect from the power supply, if it is left unattended, before assembling, disassembling or cleaning.
- When processing heavy loads such as meat do not operate continuously for longer than 10 seconds. Leave to cool for 2 minutes in between each 10 second operation.
- Do not exceed the maximum capacities stated in the processing guide (refer to illustration **J**).
- Always wait for the blades to completely stop before removing the power unit from the bowl.

- Always remove the knife blade(s) before emptying or pouring contents from the bowl.
- Never use a damaged appliance. Get it checked or repaired: see 'Service and customer care'.
- Never let the power unit, cord or plug get wet.
- Do not let excess cord hang over the edge of a table or worktop or touch hot surfaces.
- Do not operate the food chopper if the bowl is empty.
- Never operate the food chopper with the bowl filled with liquid.
- Do not use the bowl as a storage container.
- Never leave the appliance on unattended.
- Misuse of your food chopper can result in injury.
- Never use an unauthorised attachment.
- Children should be supervised to ensure that they do not play with the appliance.
- Appliances can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and if they understand the hazards involved.
- This appliance shall not be used by children. Keep the appliance and its cord out of reach of children.
- Only use the appliance for its intended domestic use. Braun will not accept any liability if the appliance is subject to improper use, or failure to comply with these instructions.

## Cleaning

### Refer to Illustrations **J**

- Always switch off and unplug before cleaning.
- Do not immerse the power unit in water. Wipe with a damp cloth, then dry.
- Always separate the blades before cleaning.
- Handle the blade with care - it is extremely sharp.
- Wash the parts by hand, then dry. Alternatively they can be washed in your dishwasher.
- The parts are unsuitable for use in a Steam Steriliser. Instead use a sterilising solution in accordance with the sterilising solutions manufacturer's instructions.

#### Before plugging in

- Make sure your electricity supply is the same as the one shown on the underside of the power unit.

#### Important – Plug and Fuse Information

- The wires in the cord are coloured as follows:  
Blue = Neutral, Brown = Live.
- If the plug supplied with your appliance has a fuse fitted and the fuse fails it must be replaced with one of the same rating.

#### Note:

- For non-rewireable plugs the fuse cover **MUST** be refitted when replacing the fuse. If the fuse cover is lost then the plug must not be used until a replacement can be obtained. The correct fuse cover is identified by colour and a replacement may be obtained from your Braun Authorised Repairer (see Service).
- If a non-rewireable plug is cut off it must be **DESTROYED IMMEDIATELY**. An electric shock hazard may arise if an unwanted non-rewireable plug is inadvertently inserted into a socket outlet.
- This appliance conforms to EC Regulation 1935/2004 on materials and articles intended to come into contact with food.

#### Before using for the first time

- Remove all packaging and any labels including the plastic blade covers from the knife blade.

**Take care the blades are very sharp.** These covers should be

discarded as they are to protect the blade during manufacture and transit only.

- Wash the parts: see 'Cleaning'.
